**Life is not measured by the
number of breaths we take,
but by the gifrs that take
our breath away**

Who is Giftic?

We are a team of creative individuals who enjoy designing over and over again. In our selection, you will find exclusively locally made products from small manufacturers. In this way, we support and promote the domestic economy. Our portfolio includes cooperation with more than 100 different producers.

Our mission is to create high-quality, distinctive gift packages that bring a smile to our clients and strengthen relationships with employees and business partners.

In communication with clients, we design and develop unique, branded, and customized gifts for both personal and professional occasions.

What we enjoy the most, however, is creating gifts for anyone who wishes to connect, comfort, or congratulate in a meaningful and special way.
